VOL. VI, No. 26 | The GOLD Center | NEVADA CITY, CALIFORNIA | The County Seat Paper | FRIDAY, MAY 6, 1932

GEO. L. JONES DECLARES FOR COUNTY JUDGESHIP

The card of George L. Jones announcing himself as a candidate for the superior judgeship of Nevada county, appears in htis issue. While temporarily in other employment, Judge Jones, in a statement to The Nugget, asserted he had at no time considered abandoning his profession of the law and now deemed the time expedient for return thereto. He will file for the August primary and general election in November.

Judge Jones is a native of Nevada county, his birthplace being Truckee. Since early childhood he has lived within the county, first at Grass Valley and later at Nevada City. He was graduated from the Grass Valley high school with the somewhat notable class of 1889, from the University of California in 1895, from Hastings College of Law in 1897.

His college days ended and bar examination passed, the present candidate entered upon the practice of law in Grass Valley and in 1891 was elected district attorney, from which position he was graduated by the electorate to the superior judgeship, setting a new record by being elected three times in succession. At the time of his first election his legal residence was in rGass Valley, making him, it is said, the first and only judge to be sent to the county court from Grass Valley.

During the World War Judge Jones was extremely active in war work, serving as chairman of the county Council of Defense, chairman of the Four-Minute Men, Salvation Army advisory committeeman, and in various other capacities, including presidency of the Nevada City Red Cross chapter for more than 10 years.

In peace times the candidate has ever been a willing worker, particularly in humanitarian and educational circles. At one period he served on the Grass Valley board of education. His connection with the Boy Scout movement covers many years.

During his former incumbency of the superior judgeship, Judge Jones demonstrated his judicial mindedness, scrupulous fairness toward all litigants and a disposition to mix mercy with justice whenever the public interests permitted.

NEVADA CITY BLUES OPEN BALL SEASON

Sunday afternoon the Nevada City Blues open their 1932 baseball season at home when they meet the Lang Construction nine at Cashin's field. The Blues have played two games so far this year losing to the Colfax Blues and the Wheatland hop pickers. The Blues feel that it is about time to win a game and feel that Sunday will be a good time to start in. Little is known of the opposition for Sunday's game but the manager of the Lang team claims he has a good bunch as most of the fellows have had considerable semi pro playing in the vicinity of Los Angeles.

The Blues have shown considerable improvement in practice since their last game so they ought to be in good shape for Sunday's game. The outfield will be composed of L. White the Babe Ruth of the team who has been out of the lineup the firt two games. White will be in left field. Hoskins will be in center field and Bob Tamblyn in right. This makes a strong hard hitting group of outfielders. The infield of Bill Tamblyn, Cap Davis, Don Macari and Joe Sbaffi speak for themselves.

The Blues will start Scoop Wasley young high school twirler on mound. This kid has done some excellent pitching so far this year.

Should a relief pitcher have to be used Macari will pitch and Wasley shift to short stop. Hank Toccalini the spark plug of the team offensively and defensively will handle the shoots of the Blue pitchers.

This is the first game of the season and the Blues would like to see a large crowd at Cashin's field Sunday to root for the local team. These boys play real good baseball and play the game fair at all times. The people who attend this game will see some real baseball played by local boys and will get their money's worth. No collection is made at the gate but a hat will be passed around and all those who wish to help the team can contribute in this way.

STATE FOREST OFFICE MOVED NEAR CITY HALL

State Forest Ranger William F. Sharp of the State Department of Natural Resources, Division of Forestry, has moved his office from the Lee A. Garthe building on Commercial street to the old Richards store building on Broad street just below the city hall.

The State Forest Service has been in the Garthe biulding about a year and as the building was sold recently, Mr. Sharp moved to the new location.

The building is commodious and convenient. It will serve as an office and suitable storage will be had for storing equipment. An added feature in the new location is the easy access to the street from both back and front of the building.

Mr. Sharp informs us that a crew of about eight or ten men will be appointed the first of the fire season.

Subscribe NOW for The Nugget.

Fishing Fair—Considering

The trout season opened—but not with a bang—last Sunday. Heavy rains occurred in most places and the water was high; however, numbers of local anglers brought back "eating" trout.

SIX-LEGGED FROG PUZZLE TO JUDGES

Angels Camp—There's a great stir in the Mother Lode country just now. All the oldtimers from Mokelumne Hill to Jackass Hill are greasing up their boots, shining up their "forty-fives" preparatory to the annual Jumping Frog Jubilee held here on May 14-15.

Among the frog entrys for the big jump this year will be "Zenobia, 11" sired by that famous frog who arrived in California last year in a moss-lined bath tub from Kinston, N. C. Another Tarheel entry is "Chief Bill", owned by the Washington, N. C. fire department.

The judges of the contest are frankly puzzled. Albert Carrier Bakersfield lad, found a six-legged frog while on vacation last year anu is expected to enter the freak of frogdom in the big free-for-all. As a compromise, the judges have decided to allow the natural marsh kangaroos a two foot start on the six-legged creature.

Saturday night, May 14, there will be a street pageant entitled "Doings and Diggings of '49. This feature is in the nature of a nearly day mining camp with each nationality represented grouped in sections. A story of the early day struggles will be told in music and song.

STATE MINE NEWS

Junction City Development Co.

Following the recent incorporation of the Junction City Development company, capitalized at $150,000, plans are being made to soon start gold dredging operations on the Trinity river, near Junction City. The project is to be financed by Stockton capital. It is understood that an old dredger has been taken over for the work. H. F Wolfinger, L L Harris, Frank Wolfinger V Orr and L W Buchenau are among the principals of the new company.

Overton Gold Mining Company

Work is reported progressing nicely at the Cub Bear mine of the Overton Gold Mining company near Etna. A crew of 8 to 10 men has ben at work all during the past winter.

Walker Mine Company

The Walker Mining Company of Walkermine, has reported a net loss of $116,072.20, after depreciation and all tax charges. Sales of ore and concentrates brought $982,090.49, and operating expenses were listed at $1,055,919.79. Development was kept up at the property during the year at a total cost of $90,988.04, and as a result of this work an increased tonnage of ore has been put in sight. Production has been stopped at the property, and a reduced force is now employed in development work.

Boswell Mining Property

The Boswell mining property, four miles east of Redding, has been taken over from Mrs C. Stephens of Monterey, by F. A Zimmerman of Los Angeles This mine was formerly operated as the Redding Consolidated mines Mr. Zimmerman plans to organize a new company for further development work. The Doney brothers have already taken a lease on some of the claims at the northern end of the belt

Lady Washington Mine

Victor St. Sure and Del Walsh are reported in the market for a new mill to handle ore from their Lady Washington mine, two miles from Oroville. A new ledge running $200 per ton, was opened up in the mine a short time ago

McLain Mine

The McLain mine located four or five mile from Magalia has been sold by H. C Crofoot and Louis McLain of Magalia to Lyman Gage and Tom Young of Los Angeles. This is a gravel property.

Banner Mine

Development work is to be started immediately at the Banner mine, near Oroville, which was recently taken over by a group of Los Angeles capitalists headed by Carrol Low, vice president and manager of the Monolith Portland Cement company, according to a recent announcement of Alex E Wilson. A 10-stamp Joshua Hendy mill has been purchased by the new owners. It is understood that there is now over $28,000 worth of machinery at the property. A new power line has recently been constucted. The new mine schedule will include development work on the 600-foot level and further sinking of what is known as the Amosky shaft. Approximately 700 tons of broken ore are now on the dump, which will be milled as soon as the new machinery is ready. A crew of about 20 men is to be employed.

Bangor Gold Mining Company

R. Young of Colfax and David Wright of San Juan Bautista have leased 40 acres of the Bangor Gold Mining company's property, near Bangor. The old shaft formerly worked by Breck Bainbridge, Joe Potter and Joe Countryman is now being cleaned out. Three thousand feet of lumber are now on the ground with about 800 feet to follow. This lumber will be used to timber the shaft and for a headframe.

EFFORT MADE TO FORM AN EXCHANGE

A progressive movement has been inaugurated in Nevada City this week when the first steps were taken to organize a builders exchange A temporary organization was formed with the election of G. H. House as chairman and O D. Woodman as secretary.

A committee composed of Julius Rude, Chas. Eden and Lloyd Hiscox was named to report on the matter of a permanent organization.

Short talks were given by Fred R. Conner, J. Rude, L W Northon. G O'Neill, Lloyd Hiscox, Chas Eden, Fred Tredinnick, Luther Marsh, Messrs. Tonnella, Thomas, and Griffiths.

WORK STARTED AT BIG BOULDER MINE

Snow water is being used at the Big Boulder mine 12 miles northeast of Downieville, for ground ground sluicing and an unusually long season is being looked forward for.

The Big Boulder has produced a large amount of gold from the apexes of the several quartz veins that cross the country. Snow water is available only a few weeks in the late spring for mining.

Five men are employed at the property.

Fred Bosch of Downieville was a former owner of the property.

Hupp and Indian Springs Mines

S M. Woods and brother of Cripple Creek, Colo., have taken over the Hupp mine and Indian Sprinks mine, near Magalia Work of retimbering the mile and one half tunnel in the Indian Springs property is now well under way.

Argonaut Mining Company

The Argonaut Mining company of Jackson, is now working at a depth of 5,083 feet, and is reported installing a second hoist for further depth. Plans have also been made to install a new electric locomotive P. W Racey is superintendent of the property

Red Cross Mine

The new paystreak uncovered at the Red Cross mine, near Dobbins, is said to be running as high as $400 per ton, with the ore being milled averaging $35 to $60 to the ton. This property is being worked in a small way, with a two-stamp mill operating. S. Menchini is superintendent of the property

Gray Wing Extension Company

New drilling operations have been started on an area of virgin gravel on the ancient American river, between Folsom and Mormon Island. This work is being done to test the location and quality of pay gravel preparatory to drift mining by the Gray Wing Extension Mining company. E. R Gray of Folsom, son of the owner of the original Gray Wing mine, and J W Howard have announced that a two-compartment shaft will be sunk and mining commenced early in the summer.

Fern Mines Corporation

The Fern Mines Corporation of Jackson is making plans to sink its shaft to a depth of 300 feet. Surface equipment at the property has been added to assist in this work. William Allured is superintendent of the company

Kanaka Quartz Mine

A crew of from eight to 15 men has been working ofr a number of weeks at the Kanaka quartz mine, five miles north east of Groveland. The property is under lease by Captain Floyd N. Shumaker and Charles H Payne, mining men of Hartford, Conn. It is owned by M N Moody of Turlock A road to the property has been reconditioned, and new mine equipment has been installed.

Central Eureka Mining Company

The Central Eureka Mining company of Sutter Creek, is at present engaged in drifting and crosscutting on the 2,300-foot level. The outlook for this work is said to be most encouraging. The mill is dropping 30 stamps

Kennedy Mine

Sinking operations at the Kennedy mine, near Jackson, are reported progressing rapidly. Work started from the 4,950-foot level March 3rd and the company intends to sink to a depth of approximately 150 feet. The 20-stamp mill at the property is now being repaired.

Bootjack Mine

A small crew of men are at work in the old Bootjack mine, near Forbestown The tunels are being cleaned out at present under the direction of Frank Bennett of Forbestown.

Peterson Ranch Mine

The crushing plant and mill at the Peterson's ranch mine, near Jackson is now in operation, putting through five tons each eight hours. The ore averages $60 per ton, with the ledge running 14 feet in width. Development has proven the ore chute to be 126 feet in length with indications of continuation. R. F and William Peterson are back of this project

RINALDI-CASCI PROPERTY UNDER LEASE AND BOND

The Rinaldi and Casci properties, east of Nevada City, it is reported, are under lease and bond to Oakland and San Francisco capitalists. They expect to start operations in the next 60 days. The two properties contain 86 acres, and lie south of the Murchie mine.

Ed Uren, prominent mining engineer of Nevada City, has made a complete survey and report of the properties, it is said, to be delivered to the new owners.

On this property are the Lone Star, Caledonia and three other veins on the south that dip to the east.

GRAVELING COMPLETED ON YUBA PASS ROAD

According to the National Automobile club gravel surfacing has been completed on the Yuba Pass raod between Downieville and Sierra City, by the United States Bureau of Public Roads. This puts the finishing touch to the excellent graded gravel highway which now extends from Downieville to Sierra City and Sattley. There is still some snow on the route, particularly in the cut or pass over the mountains.

Construction is still under way west of Downieville, where the road is being widened, curves eliminated and genrally raligned by the state.

There are no detours although slight delays may be encountered.

TODD TO DELIVER ADDRESS

Post master H L. Todd of San Francisco will address the pupils of the grammar and high schools in Nevada City this afternoon at the theatre on Broad street. His subject on which he is well versed, will be George Washington. A short program and musical selections by the high school band will complete the afternoon.

GRASS VALLEY MEN WIN PRAISE IN CANADA

Claude Ferguson as manager, Thomas Evely, mine captain and R. L. Lufbourow, three mining men of Grass Valley, are making splendid records for themselves in the development of th Granada Gold mines at Rouyn, Quebec, Canada. They have received recognition in the April issue of the Canadian Mining Journal published at Gardenvale, Quebec.

These men are well and favorably known in the Grass Valley mining section.

Battle Mountain Mine

Renewed activity is now under way at the Battle Mountain mine, near Volcano, taken over about a month ago by Jafet Lindeberg and associates from the Largomarsino brothers. The mill at the property has been rebuilt and eight tons of new rails have been laid in the tunnel. Operations are now being confined to drifting from the tunnel, which is 2,500 feet in length. John Noce of Sutter Creek is in charge of the work.

Herbert Mine

The Herbert mine, near Pine Grove, is being operated by Claude Begal with most encouraging results. The shaft is now down about 70 feet, and after sinking an additional 10 feet drifting will be started.

Falcon Mine

The Falcon mine, near Murphys, is being worked by E O. Doherty, who now has the shaft down 50 feet, revealing a good gold vein about two and a half feet wide.

Platina Placer Mine

John Stephenson is now operating his Platina placer mine, near Somnes Bar, with a force of five men. Water conditions are now better at the mine than in former years.

Kirby Development Company

The Kirby Development company has leased its gold property at San Andreas to outside capital Two shafts have been put down on this property for over 600 feet. A. G Kirby is president of the company.

Central Eureka Mining Company

The Central Eureka mining company of Sutter Creek, is at present engaged in drifting and crosscutting on the 2,300-foot level. The outlook for this work is said to be most encouraging. The mill is dropping 30 stamps

Calaveras Central Gold Mining Co.

The Calaveras Central Gold Mining company has reported that the plant on its placer property near San Andreas, is handling about 75 tons of material daily, and that production will be increased as soon as new equipment ordered has been installed Harry Sears of Angels Camp is president of this company.

Amalie Mine

Stephen Reiss, associated with Los Angeles mining men, has taken over operation of the Amalie mine near Caliente This was once a paying property but water spoiled attempts at production at 550 feet. A pump to remove the water will be installed and the mine shaft will be sunk to 1,000 feet.

Additional Rainfall—

The total rainfall for April was 4.91 inches and the total for the season to May 4th is 48.15 inches. It is fully expected that the precipitation will reach the 50 inch mark if the showers keep coming as they have in the last few days

N. I. D. LOSES IN DECISION GIVEN BY JUDGE PULLEN

The decision of Superior Judge J. F. Pullen of Sacramento county in the case of Sleeman against the Nevada Irrigation district, as announced last week, was in favor of Sleeman. Principles of priority rights and riparian rights were involved.

It was the contention of W. J. Sleeman, a landowner on the Tarr ditch, south of Grass Valley, that he was illegally deprived of water for his lands by the district. The court held that he was entitled to recovery of $20 per inch for seventy-five inches of water each year for four years. The award approximates $4,500.

By agreement of counsel at the time of the extended trial various other landowners along the Tarr ditch were entered as cross-defendats, but in no case were damages demanded. Awards of water were made to cross-defendants as follows:

Perrine family, 125 inches; C. A. Sammons, 75 inches; P. P Pingree, 75 inches; M B. Church, 123 inches;

These awards were based upon certain right-of-way agreements made many years ago, which the district attempted to overturn as obsolete.

OPERATOR CO BONDS GRASS VALLEY MINE

It is announced that the Stockton Hill mining claim, about twelve miles south of Grass Valley has been bonded to the Operator Mining Co.

A small crew of men under the direction of Fred Marriott, are engaged in reopening one of the two old shafts on the property

This claim is located about one and a half miles west of the Grass Valley Auburn highway. While the mine is seldom mentioned in recent years, it is reported to have had considerable production

French Corral, May 5— April took her departure in tears and so far May has been a continuation of the emotion. A thunder storm of short duration took place this evening, and a heavy downpour of rain and hail was given for awhile.

Cattle and sheep are being moved to the mountains. A large drove of sheep belinging to J. Hartley rested here Sunday, and will be pastured on the Reader ranch on Shady creek for awhile before taking them to the higher ranges.

Miss Lucy O'Connor is visiting at the family home in Birchville.

Miss Elizabeth Thomas is visiting her parents, Mr. and Mrs. H. Thomas of Birchville.

Deputy Assessors Schmidt and Morgan took up their work in this section Thursday. While to the older set it brought back memories of the old campaigning days to again meet E. Schmidt, came with it also a realization of the loss of two good citizens and true friends who had for so many years paid this annual visit to us.

John Matty who for the past two weeks was a visitor in this section left for Nevada City Thursday and will return to his home in New Jersey.

Judge Raglan Tuttle and Walter Mobley were Saturday visitors. We claim Judge Mobley as ours as he was one of our "Ridge boys", being a native of Sweetland.

Miss Frances Moulton, accompanied by her friends, Mr. and Mrs. Alfred Hinshaw and Miss Ioyl Hinshaw, spent the week end with her parents, Mr. and Mrs. W. E Moulton of French Corral.

Mr and Mrs Lloyd Dudley of Nevada City were Sunday visitors in French Corral

Mr. and Mrs. L. Day of Nevada City and their daughters, Mrs J. M Swazey and Miss Virginia, were Sunday visitors at French Corral

Miss Genevieve Oliverro of this place is attending high school in Nevada City.

C. Parker, who has spent some time here in mining went to Lodi Monday.

Camptonville, May 5— B. T. Duer left Monday for his home in Los Angeles after spending several days at his mining property at Indian Hill mine

Mr. and Mrs. A Cleveland returned Sunday from a visit in Sacramento and Reno

Fred Kendall motored to Nevada City Friday

Julius E. Pauly and Erle Pauly motored to Marysville Monday.

Miss Lola Labadie returned from a visit with her folks in Browns valley

A Campbell and A N Ytrirriga of San Francisco arrived a few days ago and are on their claims on Oregon creek.

Mr. and Mrs Earl Cleveland of Sacramento were in town Tuesday.

Mrs Virginia Lard of Decoto, daughter of Judge and Mrs Meek of this place, will sing over radio KFRC Saturday morning at 7:45 a. m.

The Camptonville grammar school and union high school will hold their program celebrating the George Washington Bi-centennial on Saturday evening, May 14th in the Masonic hall. Parents and the general public are invited. No admission is charged.

JUDGE RAGLAN TUTTLE ANNOUNCES CANDIDACY

Judge Ragland Tuttle announced yesterday at the court house that he will be a candidate for re-election to the office of judge of the superior court at the August primary.

When George L. Jones, former superior judge, announced his intention of retiring from public service and entering the banking field, Judge Tuttle was appointed to succeed him, and took office in January, 1926. The following November he was elected without opposition and he has now served the people some six and one-half years.

Ability Recognized

During this time he has brought honor to Nevada county in several ways. In 1929 he was elected president of the state judges' association, an organization composed of all the judges in California. He was returned to that office in 1930. He is frequently called upon to assist the appelate courts of the state, and has performed more of that service than any other judge in northern California.

Juvenile Court

Judge Tuttle has given particular attention to the work of the juvenile court. Through the probation officer he keeps in personal touch with every ward of the court. He follows the theory that this court is corrective, and not penal. Accordingly, Nevada county has but one ward in a state school, while according to population, it would have about twenty. He uses the state school only as a last resort. Not only has this theory worked out to the advantage of the children, but it has saved the county a large expense, as inmates of such schools must be maintained at the expense of the county. There are at present some twenty-two wards of the courts on probation and it will be several years before they are released. People have observed that they hear little about the juvenile court. The judge has brought this about purposely. All hearings are absolutely secret, and all work by the probation officer is done quietly and without publicity of any character. As a result, children have been made wards and been discharged without their neighbors having heard of the proceedings. This plan has worked out admirably, and parents have been particularly pleased with it.

During the incumbency of Judge Tuttle the work of the superior court has been carried on with promptness and dispatch. There are no extended "submissions", and parties and lawyers find where they stand without delay. Jury trials which formerly took several days are settled in one day, thus saving a large amount for the county in jury fees and costs.

Judge Tuttle has built a fine home in Nevada county. In addition he owns a lake in this county near Cisco, where he spends considerable of his time during the summer vacation, camping out and enjoying black bass fishing. His children attend the local schools, and he and his wife are prominent in the civic life of the community.

In his judicial work the judge is firm where firmness is demanded, but considerate and humane in the application of the law. He is endowed with that somewhat rare quality—a judicial temperament—and is fair and broadminded. It may be truthfully said that he enjoys the respect and confidence of the Nevada county bar and the people at large.

When asked by this paper if he had a statement to make regarding his candidacy he replied: "I have been judge of the superior court of this county for over six years, and the people have had ample opportunity to observe my work. If they feel that I have made a satisfactory record as their judge, I ask them to retain me. During the time that I have been in office there have been more changes in the law and procedure than during the fifty years preceding. I have endeavored to keep abreast of the times, in familiarizing myself wth these changes. I have never deviated from my chosen profession, nor have I any intention of doing so. It is my life work, with twenty-sx years already devoted to it. Preceding the election I shall endeavor to presonally reach every community in order that my constituents may have an opportunity to discuss questions which may arise. It may be impossible for me to personally reach every voter, but those whom I don't have the chance to meet may judge of my record alone, and I am willing to submit the matter upon that issue."

CONG. ENGLEBRIGHT HAS FUNDS FOR LASSEN PARK

Congressman Harry L. Englebright, who represents practically all the counties of the Mother Lode district, in California, in the United States Congress, announces he has obtained $43,000 for the administration and improvement of Lassen Park during the coming year.

In addition, the Interior Department bill passed recently includes $8,000 for the construction of a trail into Bumpas Hell, $50,000 for co-operative stream gauging work by the Geological Survey and $190,000 for fire prevention measures and the study of tree diseases in national parks, including Lassen.

Joe McCullough of North San Juan was a Nevada City visitor Wednesday.

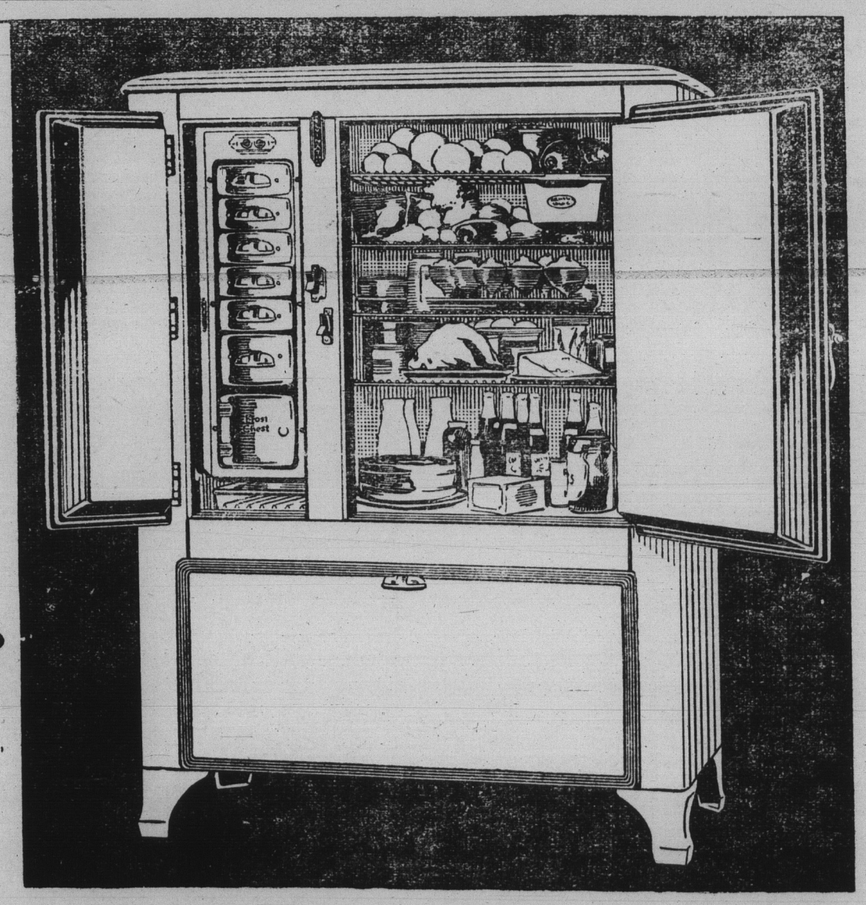
Don't

let a few cents a day stand between you and a FULLY AUTOMATIC

Kelvinator



THERE actually isn't much difference between the price of a fully automatic Kelvinator, the finest in electric refrigeration, and an ordinary electric refrigerator. Over a period of time, it amounts to only a few cents a day.

But, think of the difference between the two when it comes to economical operation, performance, satisfaction, long-lived dependability, and the completeness of refrigeration service.

Consider these advantages—features you cannot get *except in a Kelvinator.* There is 4-Zone Cold—four separate, distinct temperatures—each serving a different purpose—each necessary for complete refrigeration—and each *fully automatic.* There are no dials to set. Nothing to remember or forget. No danger of freezing the contents of the food compartment. In addition to fully automatic 4-Zone Cold, the most important feature in an electric refrigerator, consider the Frost Chest, World's Fastest Freezing Speed, the Kold-Keeper and the Kelvin Crisper, all of which can be had on either the Standard or DeLuxe Models.

You buy an electric refrigerator not for one or two years' use, but for ten, or fifteen, or even more. And it is downright extravagance not to buy the best—especially when you can get a Kelvinator for only a few cents a day more.

Your own good judgment will tell you this is sound reasoning so why not come in to-day and pick out your Kelvinator and pay for it on the ReDisCo Monthly Budget Plan, the easy, convenient way?

MAY POLE DANCE WAS POPULAR EVENT

The May pole dance and party that was held Monday evening drew a large crowd, although there was a heavy downpour of rain.

Mrs. Lyda Talbot's pupils put on the entertainment and exhibited not only fine talent, but results of painstaking instruction. Little Ann Foley, daughter of Mr. and Mrs. V V Foley was the big hit of the evening, as she went through a dance perfectly and received tumultous applause.

Dancing was enjoyed for several hours after the entertainment. The affair was given as a benefit for the Red Men's hall mortgage redemption fund and a goodly sum was realized.

Statement of the Ownership, Management, Circulation, etc., Required by the Act of Congress of August 24, 1912, of the Nevada City Nugget, published weekly at Nevada City, for APRIL 1, 1932.

State of California, County of Nevada.—ss.

Before me, a Notary Public in and for the state and county aforesaid, personally appeared Elsie P. Willoughby, who, having been daily sworn according to law, deposes and says that she is the publisher of the Nevada City Nugget and that the following is, to the best of her knowledge and belief, a true statement of the ownership, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher Elise P. Willoughby, Nevada City, California.
Editor Elsie P. Willoughby, Nevada City, California.
Managing Editor Elsie P. Willoughby, Nevada City, California.
Business Managers Elsie P. Willoughby, Nevada City, California.

2. That the owner is: Elsie P. Willoughby.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgages, or other securities are: Bank of America.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other preson, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Elsie P. Willoughby,

Sworn to and subscribed before me this 18th day of April 1932.

(Seal) W. E. Wright.

MRS WILLIAM FOUYER ENTERTAINS AT CARDS

The beautiful home of Mrs. William Fouyer on lower Boulder street was the scene of a happy gathering Tuesday afternoon, when several guests were bidden to enjoy the afternoon at playing bridge.

Mrs. Ray Davis won highest score while Mrs. Lou Elkus was low.

The attractive rooms were decorated in lovely spring flowers.

Delicious home made candy and dainty refreshments were enjoyed.

Those present were Msdames. Lou Elkus, Josph Huy, Theodore Rundy, Léland Smith, Ray Davis, Aubrey Wisker, Miss Alma Marsh and the hostess

No Housewife is Wilfully Wasteful...

HUNDREDS of times women pass up specials in food stores for fear they might waste more than they could save. And now, when there are so many wonderful bargains every means should be used to make such savings.

Today the clever housewife can use her electric refrigerator to store a whole week's supply of foods and keep them fresh and wholesome. Convenient too—to always have things on hand for unexpected company or to satisfy appetites that grow as summer lengthens the daylight hours.

Within the spacious cold chamber of an electric refrigerator the steady low temperature can be relied upon to keep the meat fresh, the vegetables unwilted and the milk and cream safe and sweet. Nothing need be wasted.

Important, too, are the ice cubes—ready made—and a great help in housekeeping.

Can you think of any other investment for the home that is more vigilantly watchful of the money you must spend? Ask about the easy terms on which you can own an Electric REFRIGERATOR.

SUNDAY SCHOOL PICNIC TO BE HELD MAY 24TH

Grass Valleys annual Sunday school picnic at Chicago Park which is of 40 years duration, will be held Tuesday, May 24th. Numerous new features will be added to the picnic this year.

Following the custom of many years special excursion trains will be run over the Nevada County Narrow Gauge Railroad to and from Chicago Park.

This event is looked forward to by many with great pleasure.

The picnic grounds are situated in a beautiful spot and the throngs who gather there present a happy scene as they enjoy their lunches.

TENTH OLYMPIAD

Miss Grace S. Stoermer, past grand president of the Native Daughters of the Golden West and state hostess for California during the period of the tenth Olympiad to be held in Los Angeles from July 29 to August 14, inclusive, has appointed Neva B. McMahon, a member, of the California state hostess rommittee. This is the first time in the history of the Olympic games that women have been assigned the important task of arranging for the welcome and entertainment of distinguished guests and visitors.

Mrs. MsMahon has served as district deputy grand president of Naomi parlor, No. 36, of Downieville for the past two years, during which time the Parlor has had a phenominal growth in membership. She is a past president of Ivy parlor, No. 88 of Lodi, and also a member of the Presidents' Association No. 6 of Nevada City and Grass Valley.

Once in a lifetime can you see the Olympic games in America.

Plan your vacation now to include the games of the Tenth Olympiad in Los Angeles.

Teas, tours, receptions, studio jaunts, garden parties, beach barbecues are planned by the hostesses of the Tenth Olympic games for your entertainment. The women of California, under the honorary chairmanship of Mrs. Herbert Hoover, have organized into a hospitality group to entertain you.

This is your personal invitation to take your place in an international event, to mingle with the elect and the nobility of all nations on earth, to feast your eyes on the sparkle and glamour and glitter of a spectacle unrivalled in splendor in the history of our glorious Unied States.

NEW KELVINATORS AT THE MINERS FOUNDRY

The Miner's Foundry has recently been appointed as agents for the Kelvinator electric refrigerator.

The Kelvinator with 17 years of proven performance, and the oldest domestic refrigerator, carries a three year quarantee. There are 17 models, three of which are shown at the Foundry and will be cheerfully shown anyone interested in electrical refrigerators.

The manufacturers chose the name Kelvinator in honor of Thomas Kelvin, inventor of the electric process by the English crown as "Lord Kelvin."

UNION ICE CO INSTALLS ICE SCORING SAW

Mr A. V Sauvee has installed a new scoring ice saw at his ice house in Nevada City at quite a little expense, but he feels that he will profit by it in giving perfect satisfaction to his customers

All the blocks of ice are scored before they are loaded on the truck for delivery. In this way the blocks can be cut just to the weight they were ordered

This is an improvement to the shop that adds much to the equipment.

Mr Sauvee is an up-to-date business man who takes advantage of improvements that produces an added trade.

JOHNSONS CELEBRATE WEDDING ANNIVERSARY

Mr and Mrs. Nye Johnson celebrated their 14th wedding anniversary last Thursday with a delicious turkey dinner. Mr. Johnson surprised his wife with a large, beautifully decorated cake prepared at Kopps bakery.

Those present to enjoy the happy occasion were Mr. and Mrs Will Young, Mr and Mrs. Raymond Young, Mr and Mrs. Will Hatch and family, and Miss Beth Young.

—0—

ELECTRIC REFRIGERATION IS BECOMING UNIVERSAL

More than a million electric refrigerators were installed in homes in the United States last year. This is attributed by leaders in the industry to the fact that housewives are demanding better and fore efficient household appliances each year to assist them in making their homes more attractive, and in safeguarding of thei families' health. The modern woman operates her household o' a well-planned budget and demands that her dollars do their full share toward making her family comfortable, healthy, and happy.

When she shops for food, she takes advantage of the discounts which she can get by buying in large quantities, and then she sees to it that this saving is not offset by food wastage.

Just as other styles change, styles in eating change and the trend now is toward less food, but of a higher quality, and attractively served. Salads have forged to the forefront rapidly, and now take a leading place in the nation's meals. Often they serve as the main course, replacing heavier dishes. But their increased importance requires that they be of infinite variety, and attractively prepared. This means fresh, crips lettuce, molded gelatine, fruits and vegetables appetizingly chilled.

In order to be sure that perishable food it fit for human consumption, it must be kept free from contamination from without, and free from bacterial growth from within. The only sure way of doing this is through refrigeration. Food kept at a temperature above 50 degrees detriorates rapidly, but below 50 degrees it keeps safely for an indefinite length of time.

BOY SCOUT NEWS

Many types of camping and camp equipment will be exemplified at the Camporal for the Patrols and Scouts of the Tahoe Area Council when they meet Friday evening and Saturday, May 13 and 14 about 17 miles north of Auburn on the Grass Valley-Auburn highway.

A number of patrols have already started preparing what they deem necessary in the way of equipment for this campink experience. Tenting will vary from an ordinary tarpaulin to a large wall tent. Cooking utensils in a number of cases will be made from smaller cans which mesh inside a No. 10 of a gallon can. A standard menu will be cooked for a meal by all patrols with adult to pudge the quality of the finished product.

The purpose of this overnight outdoor rally is to learn the ability of Scouts to camp by patrols and to carry out the Scout program to instill a camping spirit thru a knowledge of the outdoors and how to live outdoors; to see how others prepare camp and live in a camp, with the objective of each patrol building up its own camping equipment.

General instructions have been sent out to the troops and adult leaders on camp organization of the patrol, the duties of its members, suggestions as to possible equipment keeping in mind that as much of the equipment as possible should be made by the Scouts rather than to purchase equipment. How comfortable can camp be made by Scout made materials.

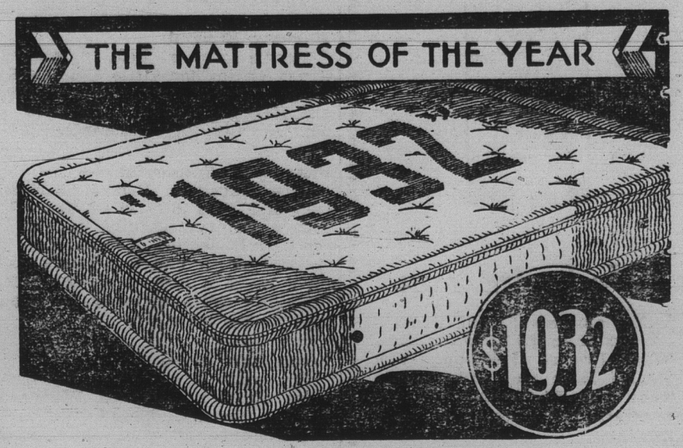
THE ENGAGEMENT RING

THE MATTRESS OF THE YEAR



Karr No. 176X . . . Inner-spring Construction

It has class, beauty, comfort—of the sort that lasts and lasts. We could, by all the usual standards, sell it for around forty dollars. It's that good!

Inside of this mattress is a retempered all-steel Karr spring construction with baked japan finish. Permanently locked coils alternate in right and left direction so as to always maintain an even, non-sagging surface. Any mattress man will tell you that this ype of spring unit is the last word in quality. YOU NEVER FIND THE KARR INNER-SPRING IN A CHEAP MATTRESS.

Shop if you will . . . but don't expect to find the equal of "Nineteen Thirty-two" for less money. We assure you that both ourselves and the maker nave gone to the very limit in offering this mattress at $19.32. The approval of the Master Bedding Makers of America is, like our endorsement, your guarantee of absolute satisfaction.

RIVERSIDES *Prove their quality again*

"I should be licked for driving these roads"

Sayville, Long Island

Montgomery Ward & Co.,
Chicago, Illinois.

Gentlemen:

As a salesman I drove my Buick Master Six this year a little over 16,000 miles. Every kind of driving from the New York City traffic with sudden stops and quick starting to three months of long hot runs in midsummer to the Pocono Mountains in Pennsylvania. I should be licked for driving some of those sharp stone mountain roads, but the best trout fishing is where roads are so rough the other fellow is afraid to drive there. This fall I've been up scrub-oak roads rabbit shooting and that driving is hard on tires too, but thanks to Riverside, they stay with me. During the entire year, and 16,000 miles, not one of the Riversides has been off the car. I know of nowhere in the U.S.A. that a man can get more mileage per dollar expended than he can in buying Riverside tires.

Very truly yours,
R. R. Cronk.

This interesting letter from Mr. Cronk is one of many hundreds in our files. It was entirely voluntary—sent to us without solicitation. Nothing was paid for it. It is a genuine expression of gratitude for meritorious service.

and now we offer

6 PLY RIVERSIDES *at* 4 PLY PRICES!

The new 6-PLY Riverside Mate is the greatest tire *value* that we have ever offered. An *even better* Miles-Per-Dollar value than the tire Mr. Cronk praises. For here are the lowest prices at which we have ever sold a 6-PLY Heavy Duty Riverside Tire. Think of this: *6-Plies From Bead to Bead at the Usual Price of Other 4-Ply Tires!*

Riversides are one of America's most famous tires. For 20 years we have supplied them to the motoring public. They are of the highest quality it is possible to produce. They are built by one of the world's largest tire companies. They are backed by a new unlimited guarantee—the fairest and most liberal ever put on any tire.

We'll match Riversides on the road against any tire and beat it in price. So why be satisfied with other 4-Ply Tires when you can buy full 6-Ply Riversides for the same money?

6-PLY RIVERSIDE MATE

SIZE	EACH	PAIR
29x4.40/21	$5.75	$11.20
30x4.50/21	5.75	11.20
